Easy guided hike through the highlights of Bohemian Switzerland

We will pick you up at your Prague hotel. Drive you up here in a comfortable, air-conditioned, Wi-Fi connected van. Our English speaking guide will take care of you throughout the day. You will get to know the history, where to take the best pictures and won't get hungry (à la carte meal and drink at one of the best local restaurants is included).

Hike with us to the famous, medieval Bastei Bridge and enjoy far views of the diverse landscape with the curving river, the picturesque table mountains and the majestic sandstone canyon.

Bastei bridge

After lunch, let's dive into the forest and explore the canyon from down below. We will take you to the Gorges of Kamenice River, for a mystic boat ride through its moss-covered ravines, splashed with occasional waterfalls.

And the best part? This 1-day tour is easy, so you can hike also in your summer dress.
